# What is the best way of contacting you directly?

The best method is Discord; I am very active on the platform and will be able to respond the fastest.

To send me a direct message, first join [my Discord server](#), then send a direct message to ai03#2725.

The second best option is email at [admin@ai03.com](mailto:admin@ai03.com), although I may be very slow to respond.

The least recommended options are through [Twitter](#) and [Instagram](#); it may be months before I notice that I have a pending message.
